Data Science Practice
HiPo Talent Program

Brochure
March 2026

Program Overview

Purpose

Identify and accelerate high-potential Data Science Senior Managers ready to step into Chapter Area Lead (CAL) or equivalent roles as they arise.

Program Snapshot

Duration

April 2026 – November 2026

Time Commitment

Approximately 5 hours per month

1x 2-hour workshop per month

3 hours per month on group project

Funding

$2,500 per participant

Charged to Business Unit cost centre

Program Elements

- Leadership Assessment
- Leadership Workshops
- Group Project
- Mentoring

Why?

Create an internal pipeline of future CAL/PDS leaders and strengthen enterprise-wide leadership capability.

Program Goals & Ideal Candidates

Program Goals

- Strengthen strategic thinking, influence, and transformation capabilities.
- Build a CAL/PDS succession pipeline across Data Science.
- Enhance leadership effectiveness (Your Voice scores, collaboration).
- Increase engagement and retention through visible investment in talent.

Expected Outcomes

- Ready-now leadership bench for key roles.
- More connected, customer-focused leadership community.
- Improved cross-chapter collaboration.
